This will be a camping weekend (on Property), food, family friendly events, music, dancing, singing, pictures and memories made.

Bring your kilt or dress and garb, along with your favorite drink (BYOB). We will have a formal Scottish themed eve, along with a remembrance for those who have passed.

Please indicate in the RSVP if you intend to bring a tent or other camping accommodations so we can plan power requirements and layout as well as facility needs.

There will be a food prep tent, a large party tent and a ancillary tent or two as needed, so plenty of room for eating singing dancing and merriment.

Please email any pictures or old videos or any music from years gone by (or any web links) to sdaldhunter@gmail.com as we will have access to a projector and audio equipment along with Karaoke software. Cellular coverage may be a little spotty and the wifi will be dedicated to entertainment equipment, so plan accordingly.

We will figure out a way for people to upload pictures and videos taken for access to all, and possibly even make a few CD's to send out afterwards.
